About This OnPoint

Six more states adjourned by July 1, bringing the total that have gaveled out midway through the year to 39

- ▶ Data centers saw new restrictions, including temporary pauses on permits in New York and on tax breaks in Arizona
 - Virginia special session also ended with new energy use tax
- ▶ June states continued trend of tackling data privacy and AI rules, imposing taxes on wealthy

Only a few states have legislative sessions left for this year

- ▶ Massachusetts and California end in the summer
- ▶ Pennsylvania, Michigan, New Jersey, North Carolina, and Ohio continue to meet until later in the year

IN THIS ONPOINT

Highlights of state sessions as of June 30

Look-ahead to future adjournments

KEY DATES TO WATCH

July 27: North Carolina returns from recess

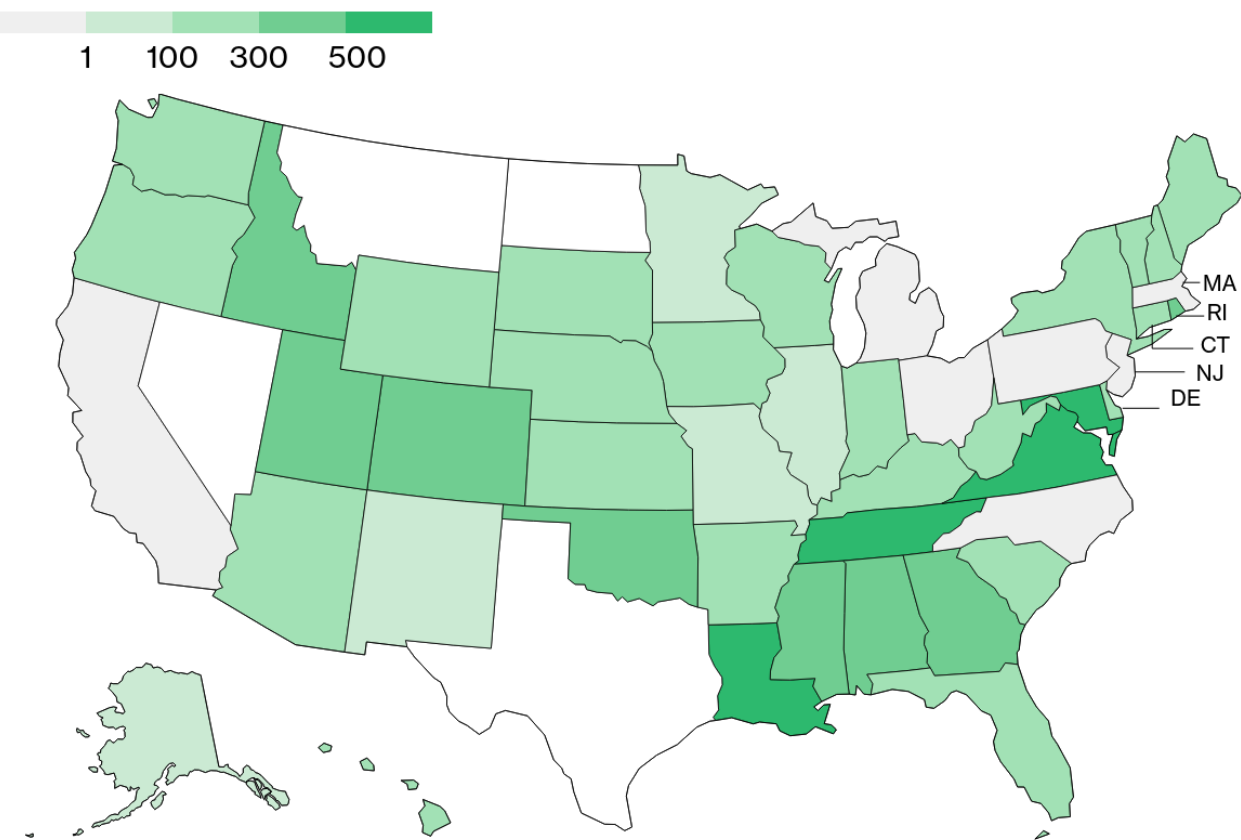

July 31: Massachusetts formal session ends

Aug. 3: California returns from summer recess

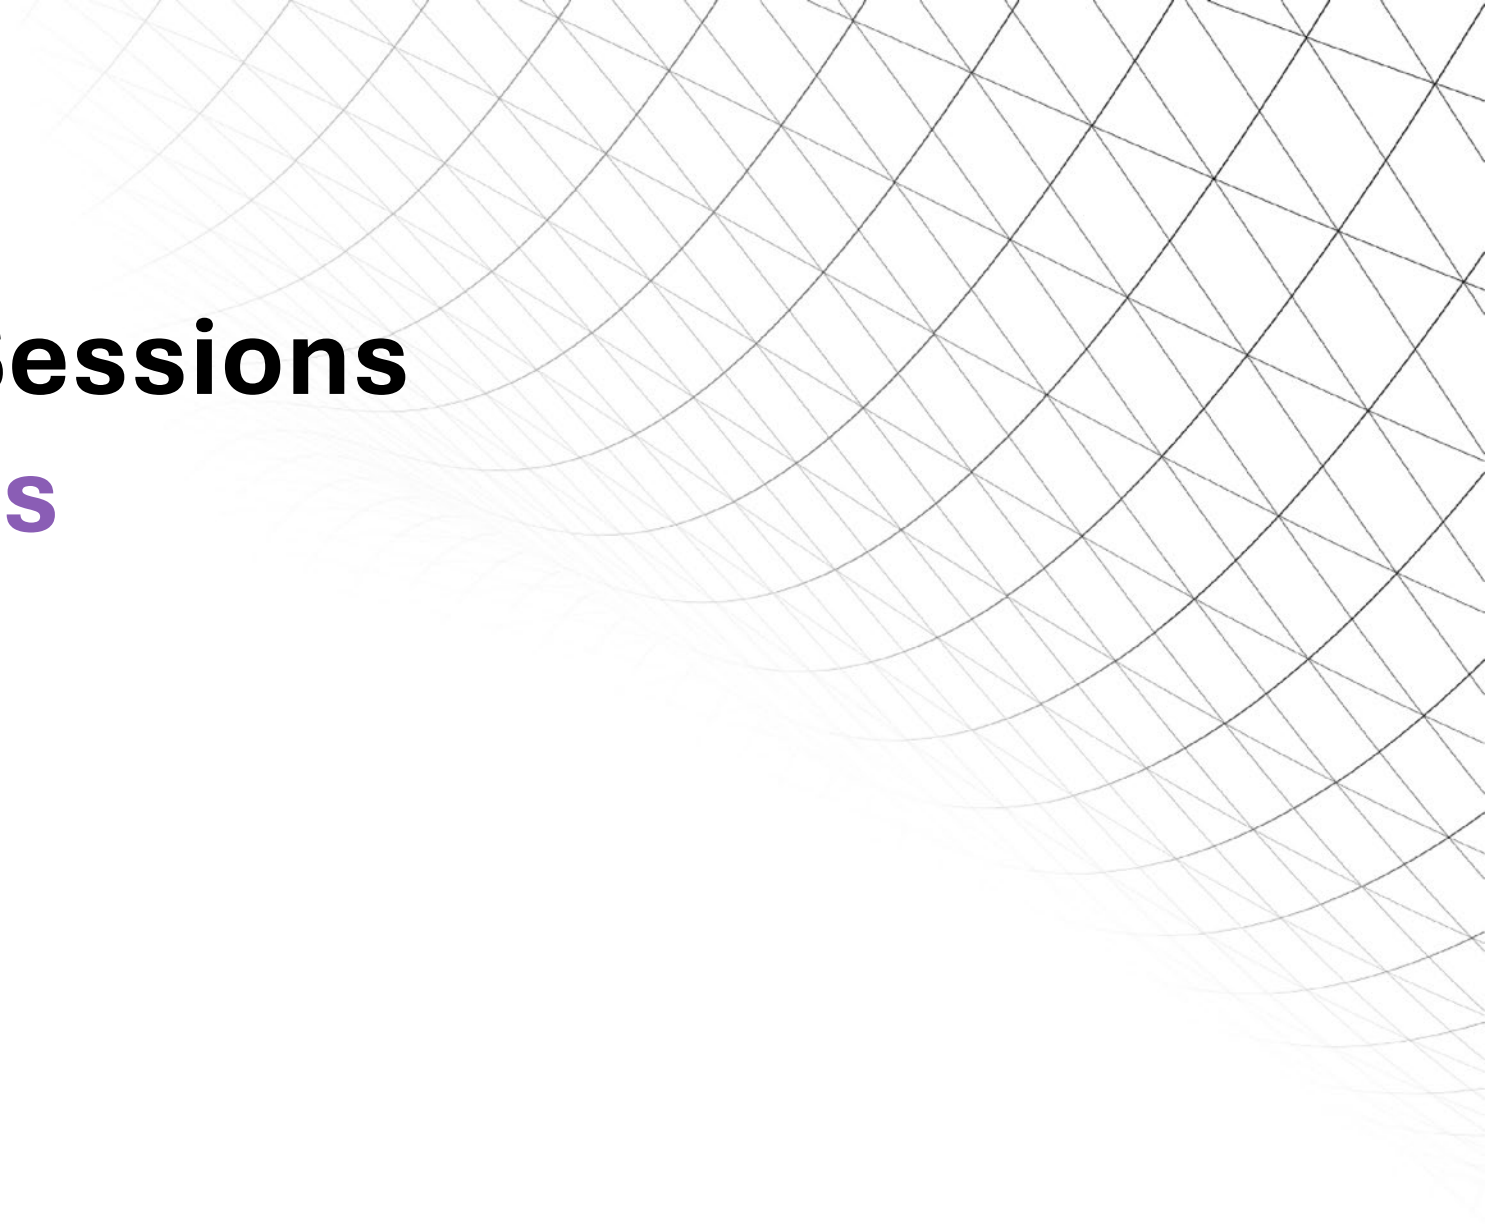

Aug. 31: California adjourns

Data Center, Privacy, AI Laws Common Among June States

Nearly 85% of States with 2026 Sessions Have Gaveled Out
Thousands of new laws have been enacted in 2026, with Virginia, Louisiana, Maryland leading the pack

Notes: Bill data throughout this OnPoint is as of July 9, and totals generally don't include resolutions or other types of measures.
Gray states haven't yet completed their regular sessions. White states aren't holding regular sessions in 2026.

Arizona: Tax Conformity, Data Center, Voter ID Policies Pass

Key Legislation

	Tax Conformity HB 4168 conforms state taxes to the federal 2025 GOP tax bill, making it the only state to adopt full conformity, according to Republicans
	Data Centers HB 4168 also creates a three-year moratorium on new sales tax breaks for data centers; HB 2756 requires utilities to report on extra-high-load customers, such as data centers, and allows the state commission to set contract requirements, such as covering the cost of infrastructure improvements
	Voter ID HCR 2001 creates a ballot initiative for voters to decide whether to require ID for all forms of voting, including mail-in ballots, and allows for in-person tabulation of vote; the US Supreme Court is separately reviewing whether Arizona can require proof of citizenship when using state forms to register to vote
	Affirmative Action Rules HCR 2044 creates a ballot initiative for voters to decide whether to prohibit the state from promoting or funding policies that require preferential treatment based on race or ethnicity in education or hiring
	School Restroom Policy HCR 2003 creates a ballot initiative for voters to decide whether to prohibit schools and athletic teams from allowing anyone to use a restroom and locker room that isn't designated for that individual's sex assigned at birth

Key Dates

JANUARY 12 Session commenced
FEBRUARY 20 Last day to be heard in committee in original chamber
JUNE 13 Session adjourned

Louisiana: Privacy, Voter Citizenship, AI Deepfakes All Top Issues

Key Legislation

	Privacy Framework	SB 386 creates a data privacy framework that allows consumers to access, correct, or delete their personal data, opt out of its sale and targeted ads
	Voter Registration	HB691 requires the secretary of state to submit voter rolls through the federal SAVE database and challenge registration of any noncitizens; the state separately sued the US Election Assistance Commission alleging it improperly blocked a 2024 law requiring proof of citizenship to register
	Deepfake Reporting	SB 347 adds digitally altered “deepfakes” to the definition of power-based violence for purposes of college reporting requirements; requires schools to provide information about how to identify and prevent power-based violence at least four times per year
	Employee Pronouns	HB 1137 prohibits public employers from punishing employees who refuse to use pronouns inconsistent with an individual’s sex assigned at birth, or any name other than their legal name
	Collegiate Athlete Pay	HB 608 exempts from public disclosure requirements the total amount of money universities pay directly to student athletes or to a specific athletic program

New York: Enacts Sweeping Budget, New Taxes, Privacy Protections

Key Legislation

	Budget, Tax Changes Budget package includes a tax on second homes in New York City; delays climate benchmarks set in 2019; limits car accident insurance claims ; and adds mechanism to cap excess utility company profits, require executive compensation disclosures
	Data Centers S 10642 would create a one-year moratorium on new permits for large data centers ; would require a public hearing before issuing permits, separate service classification for data centers, and facilities to use increasing amounts of renewable electricity sources
	AI Child Protections A 10379-C would ban the use of chatbots with features unsafe for minors, including features where AI content suggests it is a real person, uses mental health information, simulates companionship, or generates sexually explicit material
	AI Regulations S 9934A would create first-ever law to restrict bots that scrape content from news sites; S 8451-B would require news organizations to disclose content created with AI; S 8706 would require larger companies to annually report how AI affects hiring
	Data Privacy A 9349-A would prohibit surveillance pricing that uses algorithms and personal data to set different prices for consumers; S 9269 would ban the sale of health data to third parties or process health information without authorization
	Immigration Protections S 9005-C/A 10005-C bans masked ICE agents from operating in the state, prohibits civil immigration arrests in a school or church, bans local agencies from deputizing cops as immigration agents; allows individuals to sue federal officials for civil rights violations

Highlights from Other State Legislative Sessions in June

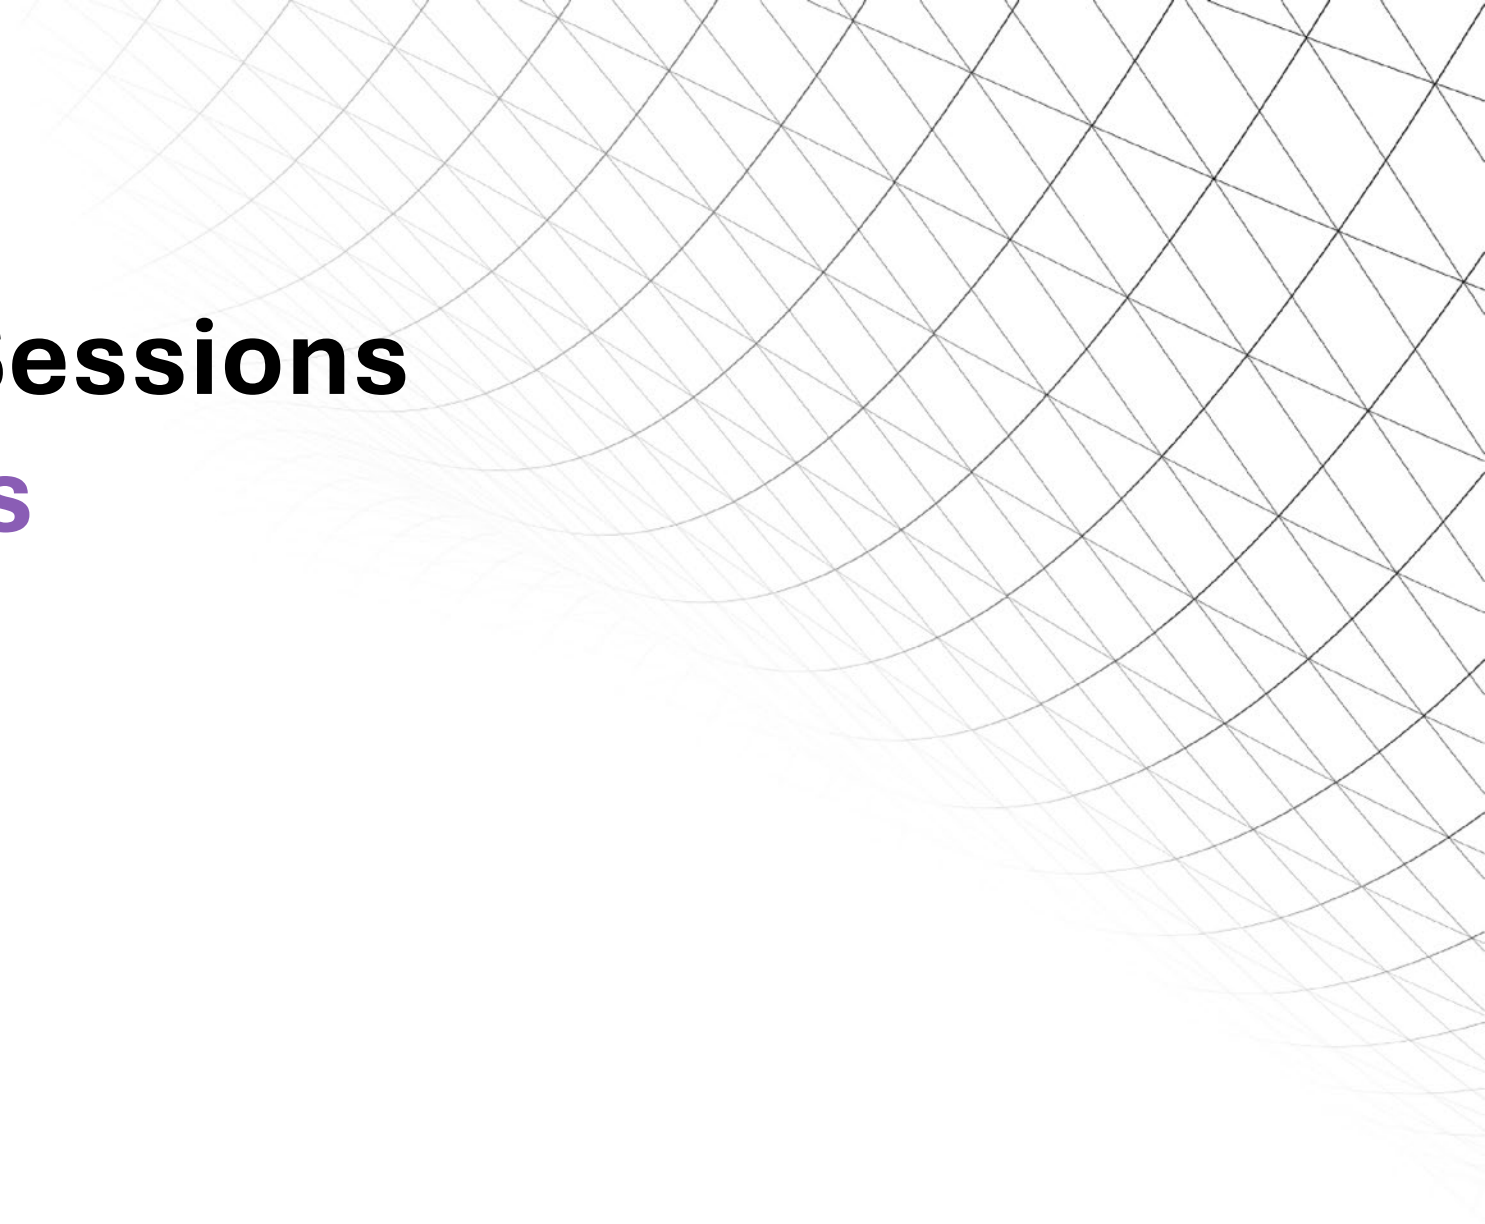

State		Notable Legislation	Adjourned	Bills Enacted
Delaware	  	• SB 75 preempts local laws that restrict where retail marijuana stores may operate, overriding Gov. Matt Meyer's (D) 2025 veto of the measure • HB 430 proposes a constitutional amendment to prohibit corporations and artificial entities from voting in elections; a court ruled corporations can vote in Delaware elections under some circumstances • HB 233 would require utilities to establish a separate rate class for large energy use facilities, such as data centers	July 1	110
New Hampshire	  	• HB 1460 prohibits the sale of a child's personal data • HB 365 allows individuals without citizenship documentation to request verification through the secretary of state; HB 323 removes the ability to use student IDs to vote • HB 1275 would grant immunity to farmers for damages related to per- and polyfluoroalkyl substances (PFAS) in soil, water, or agricultural products	June 4	240
Rhode Island	 	• H 7127 creates a 3% surtax on personal annual income over \$1 million • SB 2203 requires genetic testing companies to disclose privacy policies to consumers on the use and disclosure of genetic data	June 11	300+

Note: Delaware was scheduled to adjourn June 30 but gavelled out after midnight on July 1.

Most State Legislative Sessions Ended as of June

Notes: States are ordered based on adjournment from regular session. Maryland is planning a special session on redistricting in August. Wisconsin opened a special session in March to address redistricting, and it is not currently meeting but hasn't adjourned. North Carolina could adjourn as early as July. Montana, Nevada, North Dakota, and Texas aren't holding regular sessions in 2026.

Colorado: AI Law Replaced, Taxes Modified & Betting Restricted

Key Legislation

	AI Regulations SB 26-189 requires companies to disclose the use of AI for employment, financing, healthcare, and other “consequential” decisions; requires human review of decisions when requested; replaces a 2024 law that would have regulated algorithmic bias
	Tax Changes HB26-1223 creates an additional child tax credit and narrows a downloadable software sales tax exemption to apply only to custom software; HB26-1289 revises tax credits, deductions, and exemptions for businesses and individuals, expanding the tax base
	Sports Betting SB26-131 prohibits sports betting operators from using push notifications to solicit bets, advertising to individuals younger than 21, and accepting deposits using a credit card or more than six deposits from one person per day
	Conversion Therapy HB26-1322 allows individuals to sue a mental health professional for damages sustained during conversion therapy; follows a US Supreme Court ruling in April that held a 2019 Colorado ban on conversion therapy for minors likely violated free speech
	Red-Flag Laws SB26-004 adds schools, healthcare facilities, and community responders to the list of groups that can petition the court for an extreme risk protection order against an individual possessing firearms, also known as red-flag laws

Connecticut: Sweeping AI, Data Privacy, Employment Laws Passed

Key Legislation

	Federal Tax Decoupling	SB 1 decouples parts of the state corporate tax code from the federal 2025 GOP tax law, including expensing for qualified production facilities and deductions for research costs
	AI Regulations	SB 5 requires companies disclose AI use for employment decisions; requires AI chatbot operators to address risks of self-harm and developers to maintain whistleblower procedures; requires platforms to verify users' age and limit efforts to target minors
	Data Privacy	SB 4 requires data brokers to register with the state and allows consumers to request data deletion through one central location; prohibits selling precise geolocation data; prohibits retailers and delivery services from using personal data to set prices
	Employment Changes	HB 5003 requires job advertisements to contain pay ranges, employers to provide additional break times for nursing mothers, and healthcare workers and teachers who cannot work because of an assault to receive 100% of their average weekly earnings
	Cannabis Rules & Tax	HB 5350 removes a requirement that medical cannabis be dispensed by a pharmacist and allows out-of-state patients to obtain medical cannabis; SB 1 replaces three separate cannabis taxes with one 10.75% tax on a retailer's gross receipts
	Absentee Ballots	HB 5001 removes eligibility requirements to receive an absentee ballot, allowing any voter to request one

Key Dates

Illinois: Crypto Taxes, Rules for AI and Social Media Enacted

Key Legislation

	New Tax Frameworks	SB 3019 imposes new taxes on: cryptocurrency users at 0.2% of a digital asset's value; prediction markets wagers tied to sports; targeted advertising services; and social media platforms based on the number of monthly Illinois users
	AI Safety Regulations	SB 0315 requires developers of advanced AI models to publish risk mitigation efforts, conduct third-party compliance audits, and report critical safety incidents; creates civil penalties including up to \$1 million for a first violation
	Online Child Protections	HB 5511 would require devicemakers and app stores to provide apps and websites with a user's age bracket and prohibits use of algorithmic feeds and auto-play for kids; SB 2427 would require schools adopt policies limiting cellphone use during school time
	Credit Card Fees	SB 3645 delays for another year a 2024 law to ban credit card swipe fees that banks charge on retail taxes and tips until July 2027; a federal judge and the NCUA said in June the law doesn't apply to national banks or federal credit unions
	Hemp Rules	SB 3222 creates a regulatory framework for intoxicating hemp products and requires all products be produced and sold by licensed businesses; bans hemp product manufacturers from creating artificially derived cannabinoids
	Drug Program	HB 2371 prohibits drug companies from interfering with drug dispensing to hospitals and pharmacies in the 340B drug discount program

Minnesota: Prediction Markets, AI, Social Media Regulated

Key Legislation

	Tax Changes HF 2438 provides a one-time increase in the homestead credit refund for property taxes in 2026 and decouples from federal tax law on immediate expensing of research expenditures, while largely aligning with other provisions; a previous version would have imposed taxes on technology companies and wealth above \$10 million
	Prediction Market Ban SF 4760 imposes a first-of-its-kind ban on prediction markets, making it a felony to operate or advertise the platforms; the federal government has challenged the law, saying it encroaches on the CFTC's exclusive jurisdiction
	Social Media Rules HF 4138 requires social media companies to estimate a users' age, obtain parental consent for child accounts, and automatically default those accounts to the most private settings; prohibits addictive features and paid advertising on children's accounts
	AI Regulations HF 1606 prohibits companies from allowing users to alter an image or video to depict an intimate body part not depicted in the original content of an identifiable individual; establishes penalties and a cause of action for individuals depicted

Missouri: Income Tax Measure, Sentencing Overhaul Passed

Key Legislation

	Income Tax Vote	HJR 173 & 174 create a ballot initiative for Missourians to vote on whether to allow lawmakers to gradually phase out income tax and potentially expand sales taxes; courts recently ruled the ballot question could move forward
	Criminal Justice Overhaul	SB 888 increases the amount of time inmates must serve before being eligible for parole; allow prosecutors to request juveniles be tried as adults for serious felonies and counties to open juvenile detention facilities
	Abortion Rules	SB 999 would require healthcare providers to provide medical care to an infant that survives an abortion attempt; a person would be guilty of first-degree murder for knowingly performing an overt act that results in death (delivered to governor)
	Healthcare Changes	HB 2372 prohibits hospitals that don't comply with federal price transparency laws from pursuing patient collection actions; prohibits PBMs from discriminating against hospitals that received discounted drugs under 340B program (delivered to governor)
	Hemp Rules	HB 2641 requires all intoxicating hemp products to be regulated as marijuana and produced and sold only by state-licensed marijuana dispensaries

South Carolina: Lower Income Taxes, Tech Rules Set in New Laws

Key Legislation

	Tax Cuts	H 4216 consolidates personal income taxes to two brackets instead of three and lowers the top rate to 5.21% from 6%, with further reductions phased in each year that the state meets revenue targets
	Vape Tax	H 4303 imposes a 5-cent tax on vapor products and e-cigarettes and 2.14-cent tax per cigarette for heated tobacco products; proceeds will go toward state's Medicaid Reserve Fund
	Social Media Rules	H 3431 requires tech companies to let users disable addictive design features such as infinite scrolling and auto-play, and to exercise reasonable care to prevent harm to minors; tech trade group is challenging the law in court
	School Restroom Policy	H 4756 requires public schools' restrooms and changing facilities be designated for one sex at a time, and used only by students assigned that sex at birth; noncompliant schools would lose 25% of appropriated funds for the school's operation
	Pharmacist Authority	S 477 allows pharmacists to dispense hormonal contraceptives, such as birth control or hormonal rings, without a physician prescription based on standard protocols issued by a medical board

Oregon: Laws Restructure Tax Programs to Balance Budget

Key Legislation

	Tax Decoupling	SB 1507 affirmatively decouples the state tax framework from parts of the 2025 GOP federal tax law, including auto loan interest deduction, small-business stock exemption, and part of the bonus depreciation deduction
	SALT Cap Workaround	SB 1510 extends through 2027 the pass-through entity elective tax, which was created under a 2021 law in response to the 2017 federal tax law that instituted a \$10,000 cap on the state and local tax deduction
	Gas Tax Vote	SB 1599 moves a ballot measure, with which voters will approve or reject parts of a 2025 law that would raise the state's gas tax, to the May primary from the November general election; the date change is being challenged in court
	Immigration Laws	HB 4138 requires federal law enforcement agencies operating in the state to have officers clearly display their name and agency and prohibits officers from wearing face masks; SB 1587 prohibits public agencies from disclosing personal information to a data broker if the information could be sold for federal law enforcement purposes
	Healthcare	HB 4088 prohibits cooperation with federal or other state law enforcement agencies that are investigating legally protected reproductive or gender-affirming care; prevents disclosure of related health records containing personally identifiable information
